

EHS Policy

Medimor is committed to maintain a high standard of Corporate Responsibility towards EHS requirements as part of our business philosophy .

Creating a sustainable future by protecting the environment and caring for our employees is in the focus of our attention for the benefit of all stakeholders .

Medimor's Environmental Health and Safety (EHS) system is designed to continuously reduce the environmental impacts of our products and operations; and to continuously induce safer and healthier work conditions for our employees.

TO ACHIEVE THIS, WE WILL:

- ✓ Operate our EHS management system according to ISO 14001 and OHSAS 18001 requirements.
- ✓ Meet or exceed all applicable EHS legal and customer requirements.
- ✓ Commit to prevention of employee injury and prevention of work related illnesses .
- ✓ Establish EHS goals, objectives, and plans for improvements. Allocate all required resources to attain outstanding EHS results.
- ✓ Partner with workers, customers and suppliers to streamline our joined efforts to improve EHS performance.
- ✓ Implement JSA (Job Safety Analysis) methodologies.
- ✓ To review periodically in order to ensure that the EHS management System will meet Medimor EHS Policy.
